CO-FOUNDER & CO-DIRECTOR DJM COMPANIES

Personal Statement

'Do one thing every day that scares you'.
(Eleanor Roosevelt)

It is a great motto and one I live by.

I have always been willing to move outside my comfort zone & think outside the box.

I grew up in Marree a small remote community in the middle of the desert in the far north of South Australia. It was pretty remote with few people and lots of sand, camels, wild horses (brumbies) and cattle.

It was a life full of adventure. I loved watching the huge herds of cattle coming down from the north being driven by stock-men on horseback. They cracked their whips and drove the cattle into huge pens ready to be shipped south on The Ghan train. It was an up-bringing like no other. Always lots of things to do outside the 'norm'.

Growing up in Marree was so Wild West but a truly brilliant way to learn about and live life.

In my professional years I worked in Education in South Australia before moving to London to teach.

In London my husband and I created our DJM companies. From our shared life experiences we created the DJM Companies whose purpose is to connect people to a kinder more compassionate & sustainable world.

I believe 'the future belongs to those who believe in the beauty of their dreams.'
(Eleanor Roosevelt:)

That's why I dream big & fear less

Testimonial:

I had the honour of working with Bronwyn Ward as part of the South Australian Teaching and Learning Team which supported all levels of schooling to implement the Australian national curriculum.

Bronwyn is a well-respected leader, thinker and practitioner in the field of education.

She was a pioneer in the development and implementation of programming, planning, assessment, recording and reporting policies and practices in Australia.
